

REMARKS

This Supplemental Amendment is being filed to correct errors noted by the Examiner in the Amendment and Request for Continued Examination mailed August 19, 2004. These errors were noted in a Communication dated November 3, 2004.

Specifically, in claims 1 and 24, the word "production" was inadvertently replaced with "position." This substitution was the result of a typographical error, which is why it was not underlined and the term "production" not printed in strikethrough type in claim 1. There was no intention to replace "production" with "position" in claim 1 and claim 24 should not have used "position"; the error was copied from claim 1. This Supplemental Amendment corrects this error. The correction restores production in claim 1 and amends claim 24 to delete "position" and replace it with production. In order to conform with the requirements of 37 C.F.R. § 1.121, this is done by showing "position" in strikeout type and underlining production in claims 1 and 24.

No other claims are amended, and all other claims are therefore presented in clean form with no changes. This includes other claims that were amended in the Amendment and Request for Continued Examination mailed August 19, 2004.

Accordingly, claims 1-29 are pending in the above-identified application and remain for consideration.

This Supplemental Amendment is being mailed within one month of the date of the Communication (November 3, 2004). Accordingly, it is being filed in a timely manner.

Entry of the amendments and consideration of claims 1 and 24 as amended are therefore respectfully requested.

If any issues remain, the Examiner is respectfully requested to telephone  
the undersigned at (858) 450-0099 x302.

Respectfully submitted,

Date:
